LAUNDRY STEAM CONSUMPTION

GEM Traps fitted on 6th September 1998 to a small selection of the highest usage equipment in the Laundry.

Steam consumption 21 days before:

5,763,000 lbs
6,166,400 lbs

403,400 lbs used over test period

Steam consumption 21 days after:

5,382,700 lbs
5,730,000 lbs

347,300 lbs used over test period

This equates to a saving of 56,100 lbs over 21 day period
equivalent to 13.9 %

Current charge for steam to laundry : £0.0018/ lb

Over the 21 day test period this would be a saving of £100.98

Taken over 12 months this equates to a saving of £1755.03

Cost of the initial installation of Eleven GEM traps was £1749.00

To fully install GEM traps to all laundry equipment would cost £3651.00
