

Thermal Energy to showcase new GEM® “Quick Fit” Emerald Steam Traps at the Edmonton Oil Sands Trade Show, Sept. 23-24

Join Thermal Energy International Inc. at the Northlands Coliseum in Edmonton, Alberta, as we unveil the new GEM® “Quick Fit” Emerald Steam Traps for the GEM® Condensate Return System.

Date: September 23-24, 2008

Location: Northlands Coliseum

Booth: Hall A Booth 1617

The Emerald GEM® Trap is compatible with other manufacturers’ fittings, virtually eliminating fitting costs. It is ideal for use in drip legs and trace heating in oil and gas, petrochemical and chemical facilities, especially in hazardous or explosive areas.

Thermal Energy has a full range of GEM steam traps to meet all needs.
